

### Inside Plants Ministry Calendar April 2010 - Sept 2010

Greetings to all! Again I want to thank all of you for joining the Inside Plants Ministry- With moving forward inside plants ministry will be partnering with Arts & Environment during the times of special holidays for extra plants- It seemed to have worked very well at Christmas in having both teams work together to get them repotted- Moving one step further once we plant them into the planters or containers will also help as necessary to placing them in church- It is not mandatory for you to do but would like if possible to have everyone involved with some decision making-

Again if for any reason you cannot water plants on the day you are scheduled just let me know so I can come over and get them done. Leave a message at home 857-2039 or my email

[badppnelson@yahoo.com](mailto:badppnelson@yahoo.com).

Thank you for being a part of the team  
Angie Nelson Inside Plants Ministry Team Lead
