

Dear Parishioner,

Do you have people on your Christmas list you never know what to get? Are you wondering how you are going to include a lost loved one in your holidays this year?

The Faith in Our Future campaign can help! The purpose of this Campaign is to enhance the mission and ministry of our parish and the Catholic Church in Southeastern Wisconsin . It provides us with the opportunity to address our financial obligations today as well as support our mission for the future of St. Anne and the Catholic Church in the Archdiocese of Milwaukee.

Please consider giving a memorial gift to the Faith in Our Future Campaign. This type of gift is a thoughtful, caring way to remember a loved one while contributing to our vital mission in the present and the future.

Last year, I lost my sister in a car accident. Since I no longer can give her a physical gift for her birthday or Christmas each year, I make a donation to St. Anne in her name. Every year I have people on my Christmas list who already have everything! For them, I now donate money to St. Anne or the Faith in Our Future Campaign in their name. Helping St. Anne or the Faith in Our Future Campaign is a perfect gift for this Christmas season.

Envelopes are available at the information kiosk in church. Please consider a Memorial Gift this Christmas season as part of your gift giving tradition. If you have any questions, please contact the Parish Office at 942-8300.

Yours in Christ,

Jennifer Lebiecki

Parish Member
